Below you will find a list of changes up to this newest Payroll release. As always, please let us know if you have any questions, concerns, or other feedback!

Release Notes – Payroll Apprentice Version 4.1.1.38 04/06/2016

- Fix an error on displaying tax amounts on Direct Deposit Stubs.
- Changed the look of the Miscellaneous Deduction setup screen. Added color to the grid to show if a deduction is Tax Exempt or Inactive. Added YTD Grand Totals to the grid. Added more business rule checks on inserting, editing or deleting a deduction.
- Added a filter to the employee listing when a time slip is being inserted. By default the list will only show employees with an active status and whose primary fund matches the batch fund. There is an option to show all employees if need be.
- On the Employee Override screen, all the boxes in the Taxable Gross and Tax Amount sections are disabled. Any needed adjustments will need to be entered under the Detail Records section.
- Moved the State Unemployment reports to the Reports menu.
- Combined all the State Unemployment reports to one screen.
