Below you will find a list of changes up to this newest Payroll release. As always, please let us know if you have any questions, concerns, or other feedback!

Release Notes – Payroll Apprentice Version 4.1.1.41 06/01/2016

- Added connection to Advantage database so Treasurers can now import from Clerk's SQL version to Treasurer's Advantage version
- Fixed date range on Payroll History header
- Added Accounting Year to Employee Vacation/Sick Time report header
- Added better checking for duplicate claim numbers.
- Payroll batch setup screen would save information even if there were warnings about invalid information. The form will now only save if all information is valid.
